AJ Oguntade

(587) 778-1290 | oguntade.site | linkedin.com/in/aj-oguntade | Edmonton, AB

Education

University of Calgary — Calgary, AB
Bachelor of Science in Computer Science — *Expected Spring 2029*

Personal Projects

Trip Planner | *Flutter, Golang, SQLite* — 2024

- Architected a high-performance backend API in Golang to minimize latency during trip planning.
- Implemented a CLI database builder to convert GTFS zip files into SQLite databases, enabling deployment on any server.
- Implemented client-side downloading and processing of GTFS zip files for offline use.

composite-highlighting.nvim | *Lua, Neovim, Treesitter* — 2025

- Developed and published an open-source Neovim plugin enabling simultaneous Treesitter-based syntax highlighting for two languages within a single file.
- Implemented a custom Treesitter injection directive with dynamic inner-language detection based on filename conventions (e.g., `page.html.tmpl`).
- Designed a configurable API supporting multiple template engines (Go templates, Jinja2, ERuby) with sensible defaults and fallback logic.

Social Media App | *Flutter, Firebase, Dart* — 2024

- Developed a social discovery feature enabling users to track real-time events hosted by people in their network.
- Built full-stack features including secure user authentication, profile management, and a comprehensive search algorithm.

Experience

Graphic Design Intern — July 2023 – August 2023
Canadian Imperial Advantage — *Edmonton, AB*

- Created visually compelling posters and advertisements for Instagram, enhancing brand visibility and engagement.
- Managed up to 5 projects simultaneously, meeting tight deadlines and ensuring high-quality deliverables.
- Collaborated with the Marketing Team to develop and execute promotional strategies and campaigns.
- Designed social media graphics ensuring consistency with brand guidelines.
- Conducted market research to stay updated on current design trends and competitor activities.

School Library Assistant — September 2022 – January 2023
Harry Ainlay High School — *Edmonton, AB*

- Organized and cataloged books and resources, ensuring easy access and efficient retrieval for students and staff.
- Assisted students and teachers with technical difficulties and research obstacles, providing prompt resolutions.
- Managed the library's help desk, responding to requests for assistance with research, technology, and resources.
- Provided technical support for library computers and digital devices, assisting users with troubleshooting.

Technical Skills

Backend & Database: Firebase, Golang, SQLite, Data Processing, Server Management, Linux
Mobile Development: Flutter/Dart, React Native/TypeScript
Web Development: Server-Side Rendering (SSR), Golang, HTMX, Tailwind CSS, HTML/CSS
Languages: C/C++, C#, Python, JavaScript
Design: App/Website Graphics, Brand Consistency, Marketing Material Design
Soft Skills: Versatility, Optimism, Problem Solving & Troubleshooting, Communication
